A decorative multiplication table for the number 8, presented on a light blue grid background. The table is divided into two columns by a vertical red line. The left column contains the equations 8x1=8, 8x2=16, 8x3=24, 8x4=32, and 8x5=40. The right column contains 8x6=48, 8x7=56, 8x8=64, 8x9=72, and 8x10=80. Each row is decorated with a yellow star on the left, a red heart in the center, and a blue diamond on the right. The numbers in the equations are color-coded: 8 is yellow, the multiplier is pink, the equals sign is light blue, and the product is a mix of yellow, green, red, and blue.
